

TEMPLATE

DEVIATION REQUEST FORM

PUBLICATION DATE 11.04.2021

Version 5.0

A. To be completed by Gold Standard

1 Decision

1.1 | Date - 27/07/2023

1.2 | Decision

The applied deviation request is approved considering the reason for delay in payment was not from project developer's end and the documents were submitted within one year of project start date.

The project is granted deviation from para 4.1.49.(b) of the <u>Principles & Requirements</u> <u>– Gold Standard for the Global Goals</u>. The project may proceed for listing and design certification provided that project is in compliance with other applicable requirements.

The validating VVB shall, through appropriate means at its disposal, evaluate the project's compliance with the above-mentioned conditions and provides its opinion in the Validation Report.

Gold Standard

Certification body shall review both the project developer's submission and the VVB's opinion of the same and take appropriate steps.

1.3 | Is this decision applicable to other project activities under similar circumstances?

No

B. To be completed by the Project Developer/Coordinating and Managing Entity and/or VVB requesting deviation (Submit deviation request form in Microsoft Word format)

2| Background information

Deviation Reference Number	DEV_460		
Date of decision	27/07/2023		
Precedent (YES/NO)	NO

activity/PoA/VPA(s)?	

3 Deviation detail

3.1 | Description of the deviation:

3.1.1 | Deviation detail (to be completed by Project developer):

Deviation is requested from Principles and requirements para 4.1.49 (b) – "Retroactive projects shall submit the required documents for preliminary review (time of first submission) within one year of the project start date."

We would request you to allow a deviation for the project and initiate preliminary review for the same.

3.1.2 | VVB opinion (to be completed by VVB, if applicable):

Not Required.

3.2 | Assessment of the deviation:

3.2.1 | Deviation assessment (to be completed by Project developer):

The proposed project activity was submitted for preliminary review with all documents on 30-March-2023. The start date of the proposed project activity was 20-April-2022. The documents were submitted for preliminary review within 1 year of the project start date. However, the project participant was not able to initiate the payment for the same as there was a delay from sustain-cert end to arrange the docs that were required for remittance of the payment. The timeline from opening GS Account to payment initiation is as follows:

Description	Time taken	
Mail sent to Gold Standard to Open New account for		
KRC Infra & Projects Pvt Ltd-13/09/2022		
Detail shared with Gold Standard for account creation		
on 14/09/2022		
Mail received from Gold Standard for additional		
document on 19/09/2022		
Documents shared to Gold Standard for account		
creation on 23/09/2022		
Invoice received for account creation on 20/10/2022		
by Sustain-cert/ Gold Standard		
Requested TRC for 2022, No PE letter & Form 10F to		
make payment on 31/10/2022.	1 month	
TRC for 2022 and Form 10 F shared on 01/11/2022.		
But valid No PE letter was not received.		
Valid NO PE letter received from Gold Standard on	1 month	
21/11/2022		
Payment to Gold Standard done on 15/02/2023 for		
account creation		
Account activated on 28/03/2023 & access activated.		
Documents uploaded for preliminary review on		Gold
30/03/2023	1.5 month	standard
Invoice from Sustain-cert received on 30/03/2023		
Documents to process remittance received on		
17/04/2023		
Clarification mail received from Sustain-cert on	1	
27/04/2023		Sustain
	1 month	cert

From the above chronology, it is evident that it took lot of time (almost 5 months) to upload the project docs for listing, which was not expected. Due to long delay in arranging documents for remittance, the fees for preliminary review was not processed in time. We would request you to allow deviation from 4.1.49 (b) of Principles and Requirements for the proposed project to initiate the preliminary review as now all the documents have been submitted and payment is done. 3.2.2 | VVB opinion (to be completed by VVB, if applicable):

Not required

3.3 | Impact of the deviation:

3.3.1 | Impact assessment (to be completed by Project developer):

The proposed activity was not able to make payment on time due to delay in receiving documents required for remittence. There will be no impact of the deviation on project design, safeguarding principles assessment, SDG assessment, emissions reductions, monitoring frequency, data quality, potential risk or any other relevant aspect of the project.

Further we would like to mention that the proposed project activity has just been commissioned in in the month of May 2023. PP will submit all documents and supportive related to the project activity to the VVB accordingly.

3.3.2 | VVB opinion (to be completed by VVB, if applicable):

Not Required

3.4 | Documents:

• Screenshots of email conversation among PP-GS-Sustain-Cert.
