

Clarification: All emission reductions accrued by Gold Standard for Global Goal projects and Programmes of Activities (PoAs) in the second commitment period of the Kyoto Protocol will be calculated using the Global Warming Potentials (GWPs) as defined by the [IPCC](#)>>. These GWPs values are applicable to all Gold Standard projects and PoAs until further notice. It should be noted that there is no change in requirements for existing or new projects and the same has been notified earlier (link below).

[Global warming potentials for Gold Standard project activities 2013](#)>>
