The Gold Standard reserves the right to audit an Account Holder if it reasonably believes that an Account Holder is using its account on The Gold Standard Registry on an omnibus basis.

  a. An Account Holder who holds Units on behalf of a third party is permitted to do so only if such Units are held in a sub-account. Once the Account Holder has provided satisfactory documentary material as required by The Gold Standard in connection with the sub-account, The Gold Standard may open a sub-account for the Account Holder in The Gold Standard Registry in accordance with the terms described herein, or as otherwise specified by The Gold Standard from time to time.

9.5 The Account Holder agrees that it will take appropriate steps to clearly demonstrate that the retirement of Units does not equate to the offset of an environmental impact (including but not limited to GHG Reductions) unless the Account Holder has verified that offset in accordance with The Gold Standard and The Gold Standard is satisfied that any such claim or representation is in no way misleading, deceptive or may constitute a misrepresentation.

10. Suspension and Cancellation
